Sir,

Subject - Additional establishment required for the
Trust Board

Adverting to Government Order No L 758-60/M 12-42-7 dated 7th
July 1943 conveying sanction for the continuance of the marginally noted
temporary establishment during the year 1943-44, I have the honour to state

-----	that the above temporary establish-

32-37-6 dated 30th October 1937 on account of the increase of work in the
Trust Board Office both in respect of acquisition and sale of sites etc ,
and sanction is being obtained year after year for its continuance till now
A statement showing the receipts and expenditure of the Board under the --
principle heads of revenue and expenditure together with the strength of -
the clerical establishment as it existed from the year 1927-28 to date has
been prepared and herewith enclosed It will be seen therefrom that while
the total receipts of the Board during the year 1927-28 to 1929-30 varied -
between 1,25,000 and 1,37,000 the clerical strength was 12 whereas at present
the strength of the office staff including the two temporary posts above re-
ferred to is only 9 although the receipts of the Board are more than three
times that of any of the years 1927-28 to 1930-31 when the strength of the
clerical staff was the highest The estimated receipts of one Lakh of
Rupees under sale of land etc during 1943-44 has already been reached and
now that the survey lands of Paduvarahalli and Maragowdanahalli Villages
have been taken possession of and formation of sites in Paduvarahalli and
Yadavagiri Extensions taken on hand, the realisations from the sale of sites
in these localities during the remaining period of this year and the next

P T O

year will approximate to Rs 8 lakhs. An expenditure of about Rs 5 lakhs will also have to be incurred during the next two or three years for -- formation of roads and drains and creating other amenities to what are expected to be two very important extensions. The outdoor subordinate as well as the office staff will have to be proportionately augmented in order that all the necessary works may be carried out with expedition and correct accounts maintained for the increased realisations, recoveries watched and the growing correspondence relating to the sale and disposal of sites dealt with promptly.

2 This favourable turn in the financial position of the Board will also enable it to take up a number of acquisition schemes of considerable magnitude which had hitherto to be kept by for want of funds. A list of acquisition schemes under progress and those proposed to be taken up is also herewith enclosed from which it will be seen that the total cost of acquisitions proposed and in progress will amount to Rs 9 lakhs roughly. The number of properties to be dealt with will be very large and each case of acquisition will have to be worked up through the several processes as required under the Acquisition Regulation and the employment of a junior clerk on the work as at present inevitably leads to delay and accumulation of work. The need for a senior clerk in addition on Rs 50-2-60 in this section is very keenly felt.

3 In view of the above facts the following proposals were placed before the Board at its Meeting held on 31st March 1944

- (1) The confirmation of the temporary establishment now being continued from year to year for the last seven years converting them into graded posts to keep the pay of the appointments in conformity with that obtaining in the Revenue Department involving an extra recurring expenditure of Rs 2,547/- per year
- (2) Sanction of the additional temporary establishment as noted below till the end of June 1945 at a cost of Rs.3,267/- per year -

	<u>Designation</u>	<u>1</u>	<u>Grade</u>	<u>Av. cost</u>	<u>Total cost</u>

			15		
4)	Tracer	1	on 35		420

4 While approving the above proposals the Board was of opinion that in view of the extensive acquisitions there was need for the immediate

6 Favour of very early orders of Government sanctioning the proposals of the Board is requested

Sir,

Subject - Appointment of the Personal Assistant to the Deputy Commissioner, Mysore, as Land Acquisition Officer, to attend to acquisition work in the City

In inviting kind reference to Government Order No L 531-541 12-43-24 dated 19-7-1944 on the above subject, I have the honour to state that there are at present 103 cases, in which properties have been declared for acquisition, and I, as Chairman have been appointed to perform the functions of a Land Acquisition Officer in all these cases. Of the above, nearly half the number of cases, are in the stage of orders being passed and the rest are in the stage of enquiry and award.

The appointment of a Land Acquisition Officer at this stage to afford relief to the Chairman, of the City Improvement Trust Board, appears to make it necessary to obtain a separate order to enable the officer to proceed with the pending cases, in place of the Chairman who was declared as Land Acquisition Officer, hitherto, as per final notifications in the several schemes already sanctioned by Government.

Further in view of the appointment of a special Land Acquisition Officer, orders of Government are necessary to continue the Chairman also as a Land Acquisition Officer in cases which he may consider necessary to reserve for himself in view of their magnitude and importance.

I therefore, request that early orders of Government may kindly be obtained and communicated in the matter. A copy of Government Order
